INDEX

ABSORPTION of carbohydrates .. 689
Acidity of intestinal tract, as affected by the injection of saline water .. 645
Acids, fatty, distribution of, in body fat of rats 521
Alcohol, effect of, on digestion 323
Alcohol, ethyl, food value of 311
Alcohol, the accountable disposition in the animal body of the energy of 325
Alfalfa hay and meal, factors affecting carotene content of 45
Alfalfa meals, dehydrated and sun cured, seasonal variation in 57
Alimentary tract, absorption of carbohydrates from 689
ALMQUIST, H. J., E. L. R. STOKSTAD AND E. R. HALBROOK. Supplementary values of animal protein concentrates in chick rations ... 193
AMMERMAN, MARION AND ROBERT E. WATERMAN. Studies of crystalline vitamin B. IV. Injection method of assay 25
AMMERMAN, MARION. See Waterman, Robert E. 161
Amytal, effect of, on basal metabolism of monkeys 360
ANDERSON, WILLIAM E. See Olcott, Harold S. 517
Arsenic content of shrimp from various localities 258
Arsenic excretion in human beings .. 267
Arsenic excretion in the rat 265
Arsenic of shrimp, metabolism in the rat of the naturally occurring, as compared with arsenic trioxide 255
Arteriosclerosis, diffuse hyperplastic, production of, by vitamin C-deficient diets 141
ASCHAM, LEAH. A study of iron metabolism with preschool children 337
Ascorbic acid (vitamin C) in sprouted oats 157
ASDELL, S. A., AND MARY F. CROWELL. The effect of retarded growth upon the sexual development of rats 13
Avitaminosis, B and G, in cecectomized rats 667

BACON, W. E. See Tourtellotte, D. 683
Beef heart, kidney, round and liver, nutritive value of after heating and after alcohol extraction 271
BENDAÑA, ADELAIDA, AND HOWARD B. LEWIS. The utilization of inulin for growth by the young white rat 507
Biological value and digestibility of liver preparations 280
BLACK, ALEX. See Forbes, E. B. 461
Body gain, average energy of, related to energy and to metabolizable energy of food 466
Body size, effect of retarded growth upon 63
Body weight, average gains in, related to dry matter of feed 463
BOGART, RALPH, AND J. S. HUGHES. Ascorbic acid (vitamin C) in sprouted oats 157
Bones, effect of deficient diets on the total ash, calcium and phosphorus content of 389
Bones of animals stunted by dietary deficiency, percentage of total ash, calcium and phosphorus in 392
BOUCHER, ROBERT V. See Hogan, Albert G. 535
BRODIE, JESSIE B., AND FLORENCE L. MACLEOD. Quantitative experiments on the occurrence of vitamin B in organs 179

CALCIUM and phosphorus needs of preschool children 373
Calcium, effect of, on growth 365
Calcium intake, influence of, on indications of adult vitality 367
Calcium metabolism, effect of dinitrophenol on 187
Calcium, phosphorus and nitrogen, similar retentions of, at different levels of ingestion 382
Calcium, phosphorus and total ash of bones, effect of deficient diet on 389
Calcium retention, relation of, to calcium ingestion, based on heights of children 378
Calcium retention, relation of, to calcium ingestion, based on weights of children 377
Calory requirements for maintenance of body weight of rats at various levels 77
Campbell, H. L. See Sherman, H. C. 363
CAMPBELL, H. L. See Sherman, H. C. 363
Carbohydrates, absorption and utilization of 689
Carbohydrates, fat formation from ... 689
Carbohydrates, glycogen formation by 689
Carbohydrates, specific dynamic action 689
Carotene content of alfalfa hay and meal, factors affecting 45
Carotene content of alfalfa leaves, effect of enzyme action on 51
Carotene content of alfalfa leaves, effect of sun-exposure on 49
Carotene content of alfalfa meal, decrease in, during storage in a warehouse 55
Carotene content of vacuum-dried alfalfa leaves stored in dark, percentage decrease in 53
Carotene in alfalfa during storage, effect of temperature upon 52
Cattle, minimum vitamin A requirements of 409
Cecectomy, effect of, on avitaminosis B and G 667
Cereals, analyses of 518
Chick, adequacy of simplified rations for complete life cycle of 535
Chick, fluorosis in 399
Chick rations, supplementary values of animal protein concentrates in .. 193
Chick tissues, spectrum analysis of.. 351

Chicks, bone ash of, fed yellow corn vs. rolled oats rachitogenic rations and statistical significance of results 574
Children, preschool, a study of iron metabolism with 337
Children, preschool, calcium and phosphorus needs of 373
CLAUSEN, FRED W. See Freudenberger, Clay B. 549
Cod liver oil, effect of, on the rat, with particular reference to the thyroid gland 549
Cod liver oil, fortified, relationship, between percentage fed and antirachitic potency of eggs 174
Cod liver oil, some effect of, on the retention of iron, nitrogen, phosphorus, calcium and magnesium during human pregnancy 289
COLE, VERSA V., AND GEORGE M. CURTIS. Human iodine balance .. 493
COONS, CALLIE MAE, AND R. R. COONS. Some effects of cod liver oil and wheat germ on the retention of iron, nitrogen, phosphorus, calcium and magnesium during human pregnancy 289
COONS, R. R. See Coons, Callie Mae 289
CORDILL, SHIRLEY C. See Eaton, A. G. 429
Corn, toxic, effects of feeding varying amounts 223
Corn, toxic, growth curves of rats fed, alternately with control corn ... 234
COULSON, E. J. Metabolism in the rat of the naturally occurring arsenic of shrimp as compared with arsenic trioxide 255
CROWELL, MARY F. See Asdell, S. A. 13
CROWELL, MARY F. See McCay, C. M. 63
CURTIS, GEORGE M. See Cole, Versa V. 493

DANIELS, AMY L., MARY K. HUTTON, ELIZABETH M. KNOTT, OLIVE E. WRIGHT AND MARY FORMAN. Calcium and phosphorus needs of preschool children 373
Diet, influence of, on the glucose tolerance of the dog 525
Diet in which calcium is one of the limiting factors, effect of increasing calcium content of 363
Diet, relation of rate of growth to .. 557
Diets, cereal effect of, on the composition of the body fat of the rat 517
Diets, effect of deficient on the total ash, calcium and phosphorus content of bones 389
Diets of different calcium content, lengths of life on 368
Digestibility, coefficient of, effect of ingestion of saline waters upon ... 645
Digestibility of animal tissues in vitro 282
Digestibility of meats heated at different temperatures for 3 days or extracted with hot alcohol for 130 hours 284
Digestibility of nitrogen, average, and energy producing nutriment 469
Dinitrophenol, effect of, on calcium and phosphorus metabolism 187
Diphtheria toxin, influence of vitamin C level upon 129
Diphtheria toxin, influence of vitamin C level upon 141
Dog, glucose tolerance of, influence of diet on 525
Dogs, castrate, effect of male hormone on the protein and energy metabolism of 437
Drea, W. F. Spectrum analysis of hen eggs and chick tissues 351

EATON, A. G., SHIRLEY C. CORDILL AND J. L. GOUAUX. Is the work of the kidney, due to the excretion of urea, a factor in specific dynamic action 429
Editorial Review. H. B. Pierce. The absorption and utilization of carbohydrates 689
Editorial Review. Howard B. Lewis. The chief sulfur compounds in nutrition 99
Egg yolks, biological assay of 172
Eggs, experimental and commercial, fertility and hatchability of 543
Eggs, hen, spectrum analysis of 351
ELLISON, E. T. See Mason, K. E. .. 1
ENGLISH, HONORA. See Phillips, Paul H. 399
ERICKSON, BETTY NIMS. See Hunscher, Helen A. 579
Excretion of reducing materials in urine of dog after feeding three bread preparations 87

FARRAR, GEORGE E., JR., AND S. MILTON GOLDHAMER. The iron requirement of the normal human adult 241
Fats, body, iodine number of 520
Fluorine toxicosis, chronic, influence of, in laying hens upon the fluorine content of the egg 93
Fluorine toxicosis, chronic, in laying hens relation of, to the lipoid content of the egg yolk 93
Fluorosis in the chick, toxicity of, augmented by feeding desiccated thyroid 399
Foodstuffs, plant, new toxicant occurring naturally in 233
Foodstuffs, toxic and control, effect of feeding alternately 233
Foodstuffs, toxic, selenium in proteins of 599
Food value of ethyl alcohol 311
FORBES, E. B., R. W. SWIFT, ALEX BLACK AND O. J. KAHLENBERG. The utilization of energy producing nutriment and protein as affected by individual nutrient deficiencies. III. The effects of the plane of protein intake 461
FORMAN, MARY. See Daniels, Amy L. 373
FRANKE, KURT W. A new toxicant occurring naturally in certain samples of plant foodstuffs. X. The effect of feeding toxic foodstuffs in varying amounts and for different time periods 223
FRANKE, KURT W. A new toxicant occurring naturally in certain samples of plant foodstuffs. XI. The effect of feeding toxic and control foodstuffs alternately 233
FRANKE, KURT W., AND E. PAGE PAINTER. Selenium in proteins from toxic foodstuffs. IV. The effect of feeding toxic proteins, toxic protein hydrolysates and toxic protein hydrolysates from which the selenium has been removed 599

FRANKE, KUET W., AND VAN R. POTTER. A new toxicant occurring naturally in certain samples of plant foodstuffs. IX. Toxic effects of orally ingested selenium 213
FREUDENBERGER, CLAY B., AND FRED W. CLAUSEN. The effect of 1 per cent cod liver oil on the rat, with particular reference to the thyroid gland 549

GLUCOSE tolerance of the dog, influence of diet on 525
GOLDHAMER, S. MILTON. See Farrar, George E., Jr. 241
